22. Il Meridione Nero d'Avola, (Sicily, Italy) - The name means "the South" referring to where this lovely ripe and dark Nero D'avola comes from - Sicily, a beautiful Island right at the toe of Italy. This is a great wine by the glass that's medium to full bodied and not too serious (vegan) 23 / 4.60 / 5.90 / 7.80
23. Debajo Dry Farmed Carignan (Central Valley, Chile) - Debajo - "under" gives a nod to all the work that happens underneath the soil to make the vines produce excellent grapes. The poorer the soil, the deeper the roots have to go to get the nutrients the vine needs. Dry farmed means this juicy and slightly spicy Carignan has plenty of concentration (vegan) 23.50 / 4.70 / 6 / 8
24. Ordinal Cabernet Sauvignon (Côtes de Thau, France) - Largely unoaked Cab Sav so is all about the fruit notes, and they are big and packed full of blackberry, cherry and mint notes. Refreshingly smooth 25.50 / 5.10 / 6.60 / 8.70

27. Barão da Várzea do Douro, Colheita Douro Tinto (Portugal) - Portuguese wine is well worth exploring and something we see more and more in the UK. And good job too! Such good value for money. This wine is made with the same grapes used to make port and aged in oak for a very smooth and medium bodied red. If you like the Crocera Barbera, then it's worth giving this a try too 29.50 / 6 / 7.70 / 10.20
28. Rippa Dorii Ribera del Duero Tempranillo Roble (Spain) - Rippa Dorii is Ribera Del Duero in Latin. A fantastic wine region in Spain - West of Rioja and East of Rueda, it's like a Rioja with a little more guts and power. The climate is warmer and this is offset by higher altitude, so you get a wine with body but also elegance (vegan) 31 / 6.30 / 8.10 / 10.70
29. Avamposti Slarina (Piemonte, Italy) - A wild card in every way. A native grape to Piemonte that would have died out if it wasn't for a handful of producers that kept the vines going. Most grub up old interesting vines for more commercial vines - we should be glad we get to try wines that are so lovely and interesting. 14.5% (vegan) 36.50 / 7.40 / 9.50 / 12.50
